

Bushy Run Spring Camporee Land Nav Challenge 2019

Where: Camp Conestoga

When: May 17-19, 2019

Cost: \$10.00 per person

Theme: Land Navigation

Using GPS devices, Silva Style Compasses, and map of the area (Provided). Patrols will navigate to various points to locate and mark the locations on their score cards. The following are the needed skills for this weekend:

- Ability to read a map and interpret terrain features to what is in front of them.
- Transfer UTM coordinates from a list to show where they go on a map of the area.
- Be able to use a Silva style compass to determine direction on a map.
- Ability to use a GPS unit to impute UTM coordinates into the unit and locate that waypoint.
- Ability to use the compass dead reckoning to find locations.

Each patrol should have with them the following equipment:

GPS, compass, map of the area, water, first aid kit, snacks, small flashlight, pencil, & notebook.

Do Not use ant type of digital compass or GPS attached to a cell phone!

If any leaders have technical questions, please contact Steve Barber and he will help as best as he can. He can work with leaders to answer questions and do training for any leaders that need the training.

Please contact the Scout Office NLT May 3, 2019 to reserve your spot to the camporee. We will need the number of Scouts, number of Leaders, and how many patrols you will be running at the Camporee.

If you have any questions, please contact Steve Barber at:
